[ア book on / イ his / ウ is / エ over / オ the desk / カ there]

3 He _____ ① _____ ② _____ _____ artist.
[ア a famous / イ bought a / ウ by / エ painted / オ picture / カ which was]

IX 1～4の各文章は主に何について書かれていますか。最も適切なものをア～エから1つ選び、記号で答えなさい。

1 Artificial light is very useful in our daily life. We usually use it indoors. It can be seen outside at night, too. But it also causes some problems. If it is too bright outside, we can't enjoy the beautiful sky at night. And also some wild animals can't sleep well. These are so bad that we should think about the way to use artificial light.

- ア Light pollution.
- イ Our daily life.
- ウ Stars.
- エ Wild animals.

2 Beach volleyball games were first held in the early 1920s in the United States. It quickly spread all over the world. There are three reasons for this. First, the rules of the game are very simple. Second, setting up a beach volleyball court and a net doesn't take much time. Third, only two players are needed for making a team.

- ア How we set up a beach volleyball court and a net.
- イ When beach volleyball was first played.
- ウ Where beach volleyball was first played.
- エ Why beach volleyball quickly became popular around the world.

3 Octopuses live in the sea. They have eight arms and eat animals such as fish. They can't live without a heart like many other animals. However, octopuses are different from them. They have three hearts. They can live because these three hearts work together and push blood to various parts of the body.

ア How different octopuses are from other animals.

イ How octopuses catch animals.

ウ How octopuses eat food.

エ How octopuses use eight arms.

4 Sharks are very interesting animals. Many scientists want to study them. But sharks get sick and die easily when they are caught and put in a small space like a pool. Some sharks swim from one area to another thousands of kilometers away. So it is very hard for scientists to study them in a small space.

ア How difficult it is to study sharks in a pool.

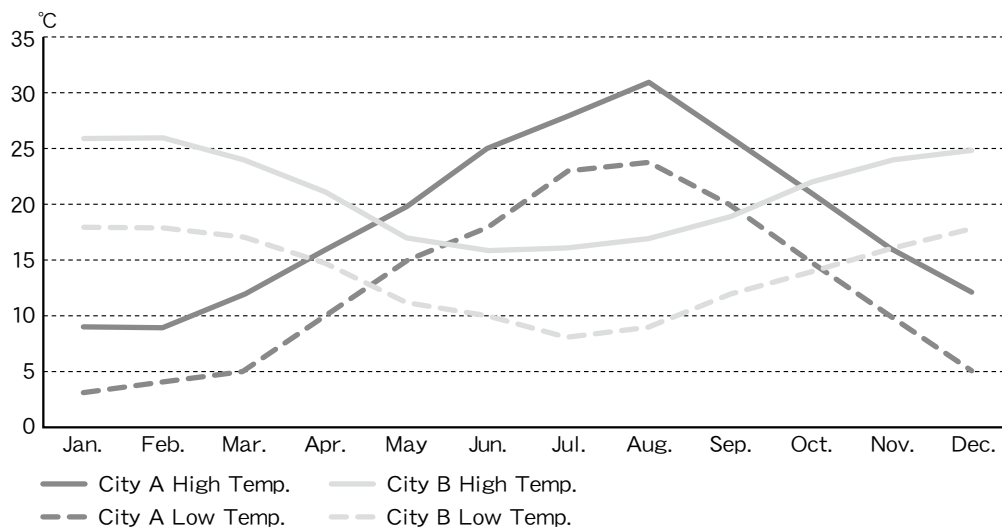

イ How difficult it is to study sharks in the sea.

ウ How easily sharks get sick.

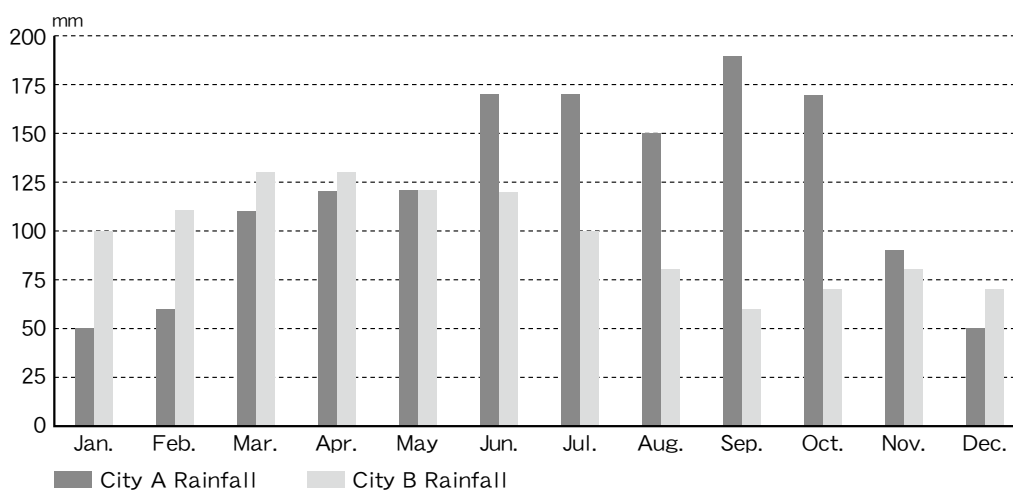

エ How fast sharks can swim.

X 次のグラフを見て、あとの設問に答えなさい。

Temperature in City A and City B

Rainfall in City A and City B

1 グラフから読み取れるものをア～ウから1つ選び、記号で答えなさい。

ア City A Low Temperature in each month is almost the same.

イ In December, you will feel hotter in City B than in City A.

ウ In July, City A Low Temperature is lower than City B High Temperature.

2 グラフから読み取れないものをア～ウから1つ選び、記号で答えなさい。

ア In City A, it rains a lot in August and much less in December.

イ In February, City B has more than 100 mm of rainfall.

ウ In May, it is much more humid in City B than in City A.

Ⅺ 次の英文を読んで、あとの設問に答えなさい。

問2

Last month we had a lot of rain in my town. One day in the afternoon, all the trains stopped because of heavy rain. I was at school then. So I called my mother and she drove me home.

That night, I couldn't sleep well because it was still raining heavily. The wind was very strong but all of my family were safe and we didn't have any big problems.

Why were we safe?

It was because we always talked about disasters and decided what to do in an emergency. We also had emergency food and water.

I learned that it was important to prepare for disasters.

I think that evacuation drills are really important. Maybe we'll have another disaster in the near future. So we should check how and where to evacuate. We can do it now.

Thank you very much.
